PROFILE

I am a proficient web developer adept in HTML, CSS, JavaScript, and React.JS, with strong skills in version control using GitHub and framework implementation with Bootstrap. Committed to delivering user-centric experiences, I stay abreast of emerging technologies, thriving in collaborative environments where creativity and innovation drive success.

EDUCATION

BSCS- COMSATS University Islamabad, Wah Cantt

Jan 2020-Jan 2024

HSSC Punjab College

May 2017- May 2019

SSC Margalla Grammar School

April 2014- April 2016

PROJECTS AND EXPERIENCE

Gym Website Contact Page | HTML | CSS

Built a front-end homepage of the website.

Freelance Photographer Portfolio Website | HTML | CSS

Build a portfolio website for a freelance photographer that showcased his previous work, the services he was providing, and the contact page. The website was responsive.

Pakistan Tourist- An online travel portal | MERN Stack |

This was my Final Year Project. Pakistan Tourist is a web app through which tourist companies can upload their tour packages and tourist can book those packages online and pay for those packages online using stripe.

WORK EXPERIENCE

Private Math Tutor Dec,2022

Aug,2022 -

I worked as a private Math tutor for an individual. I provide tuition for a calculus course at University level. My job responsibilities included explaining different calculus concepts in a simplified way.

Technical Sales Advisor-White Wings Consulting March,2024 - Present

I am working as a technical sales advisor at White Wings Consulting. My job responsibilities include approaching businesses in the U.S. and pitching them the technical services such as networking, software services and cloud services of White Wings and scheduling a meeting with them.
